

Quarterly Newsletter - Summer 2026

June - Hallberg Happy Hour Event - Mini Golf at Gem Lake

PROJECT SPOTLIGHT

University of Minnesota Duluth - Main Production Kitchen

The University of Minnesota Duluth Main Production Kitchen is a full remodel completed in January 2026. The upgraded kitchen features energy-efficient equipment, smart ventilation, and a new food pulping system, supporting more sustainable dining operations and an improved campus experience for students. Hallberg Engineering provided Electrical Design Services and partnered with TKDA, Inc. on this full remodel.

Tommy Bahama Marlin Bar - Sunrise, FL

Hallberg Engineering partnered with Vanney Associates, Inc. to provide MEP engineering services for the new Tommy Bahama Marlin Bar in Sunrise, Florida. As part of our continued collaboration on Tommy Bahama projects nationwide, including both retail stores and Marlin Bar locations, this project showcases our experience designing spaces that seamlessly blend retail, dining, and hospitality environments.
