

## An Industry Leader Since 1979

Mechanical and Electrical Engineering Design & Commissioning Services

Hello and welcome to the Hallberg Engineering quarterly email newsletter! We're excited to bring you project highlights, company updates, and a peek at what our team has been up to. Thanks for following along!

## PROJECT SPOTLIGHT

### Bruce Vento Elementary School

Bruce Vento Elementary School opens its doors as a modern, energy-efficient space designed to foster learning and connection. The newly constructed facility is substantially larger than the original school and now supports nearly 500 students in a bright, future-ready environment. The project incorporates multiple sustainability features, including a Darcy geothermal system that helps heat and cool the building while reducing long-term energy use.

## UST Lee and Penny Anderson Arena

The University of St. Thomas' new Lee and Penny Anderson Arena has officially opened as a world-class, energy-efficient venue supporting the university's Division I athletics program and serving as a vibrant community hub. The 250,000-square-foot facility includes a 5,000-seat main arena, a second ice rink, dedicated training spaces, and enhanced fan amenities. The arena is pursuing LEED Silver certification with high-efficiency systems and sustainable performance strategies.

## NEW PRINCIPALS

**Trevor Gilbertson, PE LEED® AP, CEM®**  
**Principal**  
**Director of Mechanical Engineering**

**Ryan Lindahl, PE LEED® AP**  
**Principal**  
**Director of Electrical Engineering**

We are pleased to announce that Trevor Gilbertson and Ryan Lindahl have been named Principals of Hallberg Engineering, Inc. Trevor and Ryan are both highly respected by their peers and the clients they serve. We are very excited to welcome their energy, leadership, and passion to the current Ownership Group and look forward to the role they will play in guiding Hallberg Engineering into the future.

---

## PROMOTION

**Scott Hoffman, CxA**  
Commissioning Department Manager

We are also pleased to announce that Scott Hoffman has been promoted to Commissioning Department Manager. Scott has years of on-site controls and commissioning experience and has all the right skills for not only management but business relations and client development.
